gets Biden's 'gut reaction'

By Hugh Cutler

Sen. Joseph R. Biden Jr., D-Del., met informally with his neighbors last night, speaking of public campaign financing, conservation of en-

vironment and military job discrimination which Robert Vane, a gay activist, presented him.

Vane, a North Star resident, startled Biden with his sudden queries and sent at least three persons storming from the room when he identified his cause.

"My gut reaction," Biden told Vane, "is that they themselves are security risks."

US soldiers are welcome in #Germany. We want them to stay, in part because they put a human face on the transatlantic relationship. Their social integration into our society is at least as important for a positive view of #America in Germany as the security dimension.

The JCPOA collapsed awhile ago. But of course Biden would support a JCPOA2 that would pretend to solve the problem while the regime continued its nuke work in secret. The Europeans would also support it and quickly start normalizing trade - which would help get a nuke faster.

Washington, DC needs the outsider

Trump out.

Joe Biden [@JoeBiden](#)

Here's my promise to you. On day one, I'll send a bill to Congress that creates a clear roadmap to citizenship for Dreamers and 11 million undocumented people who are already strengthening our nation. It's long overdue.

Richard Grenell

@RichardGreene

The President of Kosovo has just informed
us that he has canceled his trip to
Washington, D.C. following the
announcement made by the Special
Prosecutors Office.
I respect his decision not to attend the
discussions until the legal issues of those
allegations are settled.

Grenell was a master stroke. When you're trying to get John freakin' Ratcliffe confirmed to get the guy currently in place out, you know you're in trouble.

Do we know if Kash Patel will also be moving into a new role or staying at

Thank you, Prime Minister Hoti. We understand your decision and we look forward to re-scheduling the meeting soon.

Due to the new developments in Prishtina as a result of the indictment submitted by the Specialized Prosecutor's Office, I have to return to my country to deal with the situation.

I informed Ambassador Grenell that I could not attend the June 27 meeting at.

Lots of errors in this piece. And no wonder....the reporter never spoke to me.
-our approach has always been to concentrate on jobs and the economy.
-we never believed this would be a quick win (a constant media narrative that is totally wrong and without any facts)

An American-mediated initiative to stabilize the Balkans, which the Trump administration hoped might burnish its foreign policy credentials in an election year, was postponed on Thurs after the Kosovo president was charged with war crimes

Also:

- I spoke directly with German & French National Security Advisors to coordinate our limited (& solely economic) approach.
- land swamps have never been discussed in front of me.
- we don't get involved in the politics of Kosovo/Serbia. We coordinate w/whoever is in charge.

The U.S. strongly condemns Iran's decision to sentence Amir-Hossein Moradi, Saeed Tamjidi and Mohammad Rajabi to death. These protesters were reportedly beaten, denied lawyers, and coerced into false confessions. Iran must respect human rights and stop these executions.

Sometimes, I think their "errors" are intentional. Anything to project a bad light. The retractions rarely get the same focus and intensity as the original story.

Had an excellent meeting with Ambassador @RichardGrenell. Let me be clear: Grenell did a tremendous job in facilitating Kosovo-Serbia deal by focusing on economic issues. Stressed the need to generate new impetus of the economic growth in the region.

As a first step, we have to find the $\mathbb{A}^1$ -homotopy type of the presheaf $\mathcal{P}^{\text{ét}}$. For this, we need to know the $\mathbb{A}^1$ -homotopy type of the presheaf $\mathcal{P}^{\text{ét}}_{\text{ét}}$. This is done in [10, §1.1].

Figure 1. The effect of the concentration of the H_2O_2 solution on the amount of the released H_2O from the H_2O_2 -loaded hydrogel. The amount of the released H_2O was measured by the weight difference of the hydrogel before and after the release. The concentration of the H_2O_2 solution was 0.1, 0.2, 0.3, 0.4, 0.5, 0.6, 0.7, 0.8, 0.9, and 1.0 wt. %.

Grenell was a master stroke. When you're trying to get John freakin' Ratcliffe confirmed to get the guy currently in place out ... you know you're in trouble.

Do we know if Kash Patel will also be moving into a new role or staying at ODN? New FBI Director?

WOW! President Trump admitting that US intelligence did hear that Russia was offering a bounty for murdering US military personnel. He is disputing how serious the intel was, but with Russia's history (and Trump's history with Russia) you have to take it seriously.

DNI Ratcliffe issues statement on impact of unauthorized disclosures on force protection

DNI Ratcliffe Statement on Impact of Unauthorized Disclosures on Force Protection

"U.S. and coalition force protection is a critical priority for both the President and the Intelligence Community. The selective leaking of any classified information disrupts the vital interagency work to collect, assess, and mitigate threats and places our forces at risk. It is also, simply put, a crime.

"We are still investigating the alleged intelligence referenced in recent media reporting and we will brief the President and Congressional leaders at the appropriate time. This is the analytic process working the way it should. Unfortunately, unauthorized disclosures now jeopardize our ability to ever find out the full story with respect to these allegations.

I was hoping to brief Senator [@MarkWarner](#) on the reforms I am implementing but he cancelled our scheduled phone call and hasn't been willing to reschedule the call in months. We've never spoken.

I see Democrat Senator Warner is already attacking Ambassador [@RichardGrenell](#) at Congressman Ratcliffe's DNI confirmation hearing. Again Grenell is doing a good job.

If it were the reverse - had Trump said a drug was dangerous, and then it turned out it saved lives, MSM would immediately calculate how many deaths he had caused by bad advice.

Same standard ought to apply where it is MSM pushing bad advice.

A very real question should be asked by real journalists:

Did some US media outlets encourage people to NOT take a drug that could have saved their lives- all because they hate Trump? [twitter.com/RichardGrenell...](https://twitter.com/RichardGrenell)

Sadly, you are afraid to take on the one party that controls your access in Sacramento - the Democrats. Stop making excuses for them.

California is a mess - and without an opposition party you have a special role.

Californians are tired of the one sided media coverage.

John Myers @johnmyers

So clearly a variety of people feel last night's illegal fireworks in their communities were more present than years past, points well taken. That said, linkage to some political message for the state's elected officials seems... dare I say it... a dud. 🤔

. @tedlieu on 6/3 you likened #hydroxychloroquine to Snickers as having no effects on COVID-19. Given the virus was "novel" in nature, instead of taking Dems' position of "people over party," U refused to meet in the middle to find effective treatments when WE needed unification!

Ted Lieu @tedlieu · Jun 3

U.S. House candidate CA 33

You should have a Snickers bar or Ben & Jerry's Ice cream today. Why? Because they have the same effect on #COVID19 as #Hydroxychloroquine, which is nothing. Results from high quality, randomized trials. But candy bars and ice cream are tastier.

Not only was your stance against #hydroxychloroquine hypocritical, it's reckless to the people this virus is terrorizing. But this is an election year, so instead of working across party lines with scientists, you say what you're told. Americans deserve better leadership.

Susan Rice's email was a cover story to say Obama was interested in counterintelligence only, and not criminal. But Obama knew full well he was giving FBI a pretext for a criminal investigation. From Rice's book, notice how careful she is to differentiate between the two.

As these final days flew by, I left to the end one last email - a memo for the record, requested by our White House counsel's office. I knew I must get it done.

Didn't get this sort of stuff when Obama commuted the sentence of unrepentant murderous terrorist Oscar Lopez Rivera.

Odd, that.

This is why Americans don't trust the media to give them an unbiased/neutral news story.

@samstein downplays the Obama IRS scandal: story was "complicated". They "bungled" it. Not everyone was targeted and just "some" politics - but, he says, Trump is worse. #advocate

Sam Stein @samstein · 1d

The real IRS story was more complicated. The agency struggled to figure out what to do with an influx of Tea Party groups that definitely appeared political. They bungled the process but the initial reporting that they ONLY targeted TP groups ended up being wrong.

were any of your unmasking requests connected to Russia, and did any of your unmasking requests lead to a better understanding of what Russia was doing or had done?

MS RICE. Well with all due respect, I don't have specific recall of my unmasking requests. I'm sure that I probably asked for identities related to Russia. And I did so primarily for two reasons

One was to understand as best I could the universe of information that was available to me, as the person responsible to the President for national security, about what the Russians may have been up to with respect to interfering in our election. That was obviously a very important and sensitive topic, and if I saw something that included a masked identity that I thought might shed light on that, I would want to know

The other reason -- and this would have been relevant both during the

Jack Dorsey

Dear Mr. Dorsey,

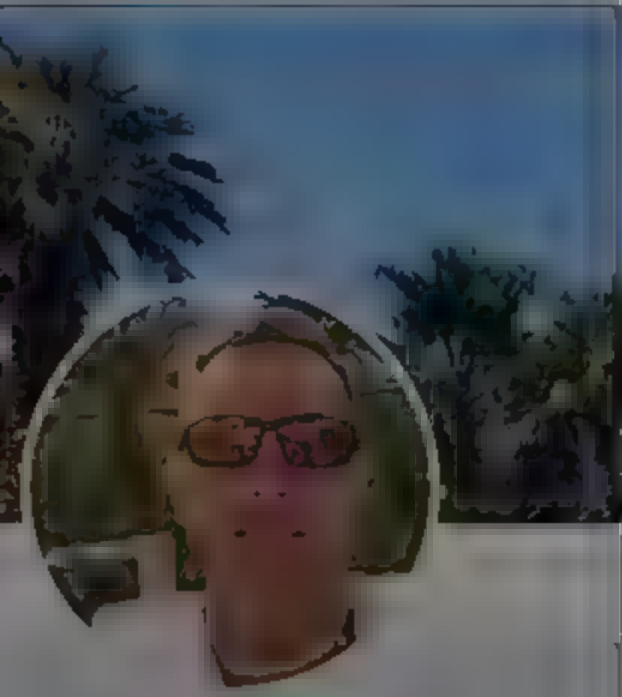

As I write, Twitter seems to be experiencing a large-scale cyberattack, as illustrated by a number of posts inviting users to transfer Bitcoin under fraudulent pretenses. The accounts targeted include those for Apple, Uber, Jeff Bezos, former President Barack Obama, and even the Democratic nominee for President. The list of affected accounts is growing by the minute. Some affected accounts are alleged to have been protected by Twitter's two-factor authentication.

I am concerned that this event may represent not merely a coordinated set of separate hacking incidents but rather a successful attack on the security of Twitter itself. As you know, millions of your users rely on your service not just to tweet publicly but also to communicate privately through your direct message service. A successful attack on your system's servers represents a threat to all of your users' privacy and data security.

Please reach out immediately to the Department of Justice and the Federal Bureau of Investigation and take any necessary measures to secure the site before this breach expands. Once you have attended to immediate concerns, please respond to following questions:

- Did this event represent a breach of users' own account security or of Twitter's systems?
- Were accounts protected by two-factor authentication successfully targeted in this breach? If so, how was this possible?
- Did this breach compromise the account security of users whose accounts were not used to share fraudulent posts? If so, how many accounts were affected? Were all accounts' security compromised by this breach?
- How many users may have faced data theft as a consequence of this breach?
- What measures does Twitter undertake to prevent system-level hacks from breaching the security of its entire userbase?
- Did this attack threaten the security of the President's own Twitter account?

Twitter is not responsible for the content of any posts or the actions of any users.

Susan rice is liar at a level where she convinces herself she's telling the truth by sending an email to herself to justify her lies.

I don't know. Is there a three strikes rule with her? Benghazi was strike one. This obviously contrived email is strike two. Do we really need a strike three before we discount anything else she has to say?

This is great movement in Brussels. Germany and German Bundestag members have led the way to declare Hezbollah a terrorist organization.

Nancy Pelosi just compared American police officers to Nazi stormtroopers. Absolutely disgusting rhetoric. She owes the thin blue line an apology immediately.

Nancy Pelosi @ncpelosi

Unidentified stormtroopers. Unmarked cars. Kidnapping protesters and causing severe injuries in response to graffiti.

These are not the actions of a democratic republic.

Any corporation or business giving money to [@VictoryFund](#) should be asked to play fair and also give to [@LogCabinGOP](#).

Giving to just one side of the aisle hurts gays and lesbians.

I have more faith with Rasmussen's methodology than any other but the times have changed to the point no polling involving Trump, conservatism, etc. is valid

NO ONE is safe anymore from the prying eyes/ears of the left & those who lust for absolute power. People know that now.

There is no self reflection from DC media executives trying to fix their disastrous (and yet Award winning) reporting.

The first outlet to launch a WMD style review to understand how they got the Obama Administration spying scandal so wrong for so long will make history.

Jonathan Turley @JonathanTurley

The media has steadfastly refused to see what should be one of the biggest stories in decades. an administration's targeting of an opposing party's presidential campaign based on false and, in at least case, possibly criminally falsified evidence. thehill.com/opinion/white-

How come no journos are asking the DNC if they'd use a law firm as a cutout to hire a foreign spy to dig up dirt on Trump like they did in '16? The Trump campaign has been steadily asked if it would accept foreign help. Democrats have avoided the same scrutiny

The list of people who unmasked names DURING THE TRANSITION is very troubling.

They were supposed to be handing over power peacefully - instead, they picked up their attacks and leaked partial and erroneous information.

With [@VP](#) heading to Pennsylvania today, [@HRC](#) calls on him to condemn the "Kill Transgenders!" shout at a recent Blue Lives Matter protest in Allegheny County.

Will Pence Condemn "Kill Transgenders" Chanting Allegheny Activists?

This past weekend, at a "Back the Blue" rally of Trump supporters near Pittsburgh, a group was led in a chant of "kill transgenders." Now Pence is traveling to the same county for a "Cops for Trump" event just days later. [HRC](#), Pennsylvania State Director Ryan Matthews issued the following statement:

"Pence traveling to Allegheny County for a 'Cops for Trump' event just days after Trump supporters chanted 'kill transgenders' at a 'Back the Blue' rally is a tacit endorsement of their transphobia. At least 5 transgender or gender non-conforming people have been fatally shot or killed by other violent means so far in 2020, and Pence and these Trump supporters are pushing further violence."

"The community is facing an epidemic of violence and these despicable and despicable chants inciting murder must be condemned. While the 'Back the Blue' rally was not a Trump rally, it was the protesters are those Trump supporters based on their clothing and signage and they must be denounced by Pence and the Trump campaign. Trump and Pence have consistently refused to acknowledge the epidemic of anti-LGBTQ violence and failed to request any federal resources to combat this epidemic of violence. Will they finally step up and condemn these supporters' actions?"

In truth, neither the House nor the Senate has done much for the People they work for, for a very long time. They pontificate nonsense with no real world facts to back up their hyperbole. The DC theater is stale and it's on both sides of the aisle. The only one DOING is vilified.

12 states will attempt new voting procedures in 2020. All are risking doing harm to the integrity of the election if things go wrong, as they did in the June NY primary, where the surge in mail voting led to 25% of the ballots being rejected in one race. The normal rate is 1%

CA, DC, VT and NV will for the first time mail actual ballots to all voters. It took WA years to do this right. These 4 states are rushing to get it done. It is fraught with risk, especially if an election is close and ballot harvesting is allowed

No state previously mailed absentee ballot applications to all voters in a general election. This year, DE, IL, MD, MA, MI, WI, IA, and OH will try it. It's what NY tried in the June primary, overwhelming an unprepared system. These 8 states should NOT do this.

Once tariffs/reciprocity are dropped (maybe this week?), then Dialogue begins in earnest. I've spoken with leaders in Serbia and Kosovo to make clear they must start building confidence today in preparation - and they've committed to do so. More to come soon.

@HashimThaci RKS Hashim Thaçi

Next week I'll take the final constitutional steps to enable the formation of a new Government w/ full legitimacy from Parliament, capable to fight #COVID19 and serve the people. Tariffs & reciprocity need to be dropped in order to strengthen USA & EU support for Kosovo.

2. "Despite Barr's claims, there have been no arrests or solid proof connecting anti-fa to violence at BLM protests, Wash Post's Fact Checker reported in June. The far-right boogaloo movement, meanwhile, has been tied to a murder & several bomb plots aimed at escalating violence."

3. This is a shocking lie. Not only is the evidence everywhere, but notice the Post doesn't even attempt to find out for itself, instead, this reporter cites its paper's fact checker.

4. And the dismissive tone and journalistic disinterest in Antifa is truly outrageous. The media have demonstrated that they are aligned with the violent Marxist movement in our country.

@NBCnews, did you ask the CCP why they failed to share info about the virus, censored their own scientists, and delayed access by the international community seeking answers? We don't know what happened because the CCP preferred saving face over saving lives

Lifelong Dem here. LA is going to the dawgs - tents and refuse everywhere. My Citizen app pings with shots fired and assault alerts and NextDoor is full of videos of tweakers peering thru windows at 3AM or rifling thru cars. And Newsom is releasing thousands of criminals? Yikes!

. @JoeBiden says @KamalaHarris has been involved in all the intelligence fights the U.S has been facing - but she wouldn't even return my phone call to discuss intelligence community reform efforts.

Literally, she wouldn't even talk.

Trump Campaign Statement on President Trump's Historic Middle East Peace Agreement

"With today's historic peace agreement between Israel and the United Arab Emirates, President Trump has achieved a victory for world peace that career politicians like Joe Biden were never able to accomplish. President Trump has significantly strengthened America's commitment to our Israeli allies, while also brokering the country's first major peace agreement with an Arab country in a quarter century. President Trump is the most pro-Israel president in American history, and with this deal he has advanced the safety and continued prosperity of the Israeli people. As radical Democrats turn their backs on the world's only Jewish state in an attempt to appease their anti-Israel base, only President Trump could have brought peace between the Christian, Jewish and Muslim peoples of the Middle East. Joe Biden and other Washington insiders are simply too entrenched in their failed globalist mindsets."

Other countries know that if Biden is elected, the status quo foreign policy establishment will retake power, and any hope for potential peace negotiations like we see here & saw between Israel/UAE would disappear.

Great work [@RichardGrenell](#)!

It's stunning how Democrats and the DC media get stunned together so much.

The postal service is \$11 billion in debt, there's declining mail delivery year after year, with skyrocketing costs and nearly no innovation.

Stop the groupthink. Do research.

Pete Buttigieg @PeteButtigieg

The president's confession yesterday is stunning. He has now openly admitted to an agenda of undermining America's postal system in order to make it harder for Americans to vote.

Once tariffs/reciprocity are dropped (maybe this week?), then Dialogue begins in earnest. I've spoken with leaders in Serbia and Kosovo to make clear they must start building confidence today in preparation - and they've committed to do so. More to come soon.

Next week I'll take the final constitutional steps to enable the formation of a new Government w/ full legitimacy from Parliament, capable to fight #COVID19 and serve the people. Tariffs & reciprocity need to be dropped in order to strengthen USA & EU support for Kosovo.

Dishonest gutter level smear by @CBSNews. Don didn't appear in a promotion, he got invited to go shooting & they posted a pic of it on their instagram.

PS: They also refused to run my full statement. Maybe because I called CBS out for protecting Bill Clinton and Jeffrey Epstein? [twitter.com/GraceSegers/s ...](https://twitter.com/GraceSegers/status/1294444444444444444)

be issue. would like to speak to an editor to discuss in further detail Thanks

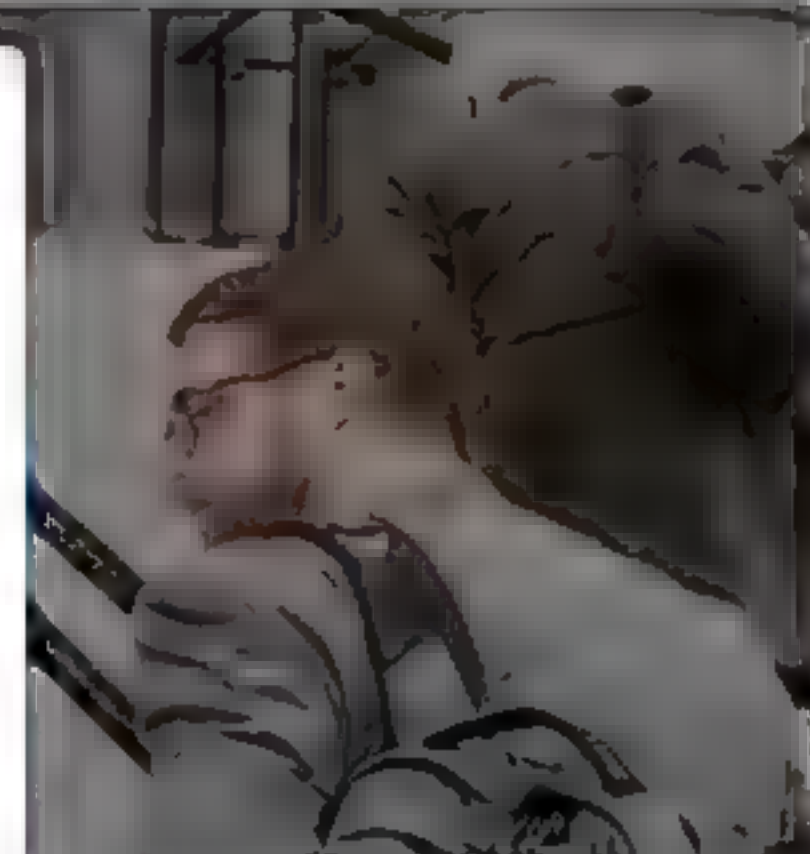

"Don routinely gets offers from 2nd amendment enthusiasts from around the country to go shooting and it's not uncommon for him to take them up on those offers when he's able to. He had never met the owner of Desert Tech prior to going shooting with him, has no personal relationship with him, only spoke to him about shooting and CBS has no reporting to suggest that he did anything besides spend an hour or so on the gun range with the owner of a prominent gun company. yet they have decided to dredge up allegations from this man's private life in a pathetic and transparent attempt to smear by association the President's eldest son. It says a lot about CBS's news priorities that they would commit two investigative reporters to this nonsense, while still not being able to investigate on their own."

A statement sent by Andy Surabian, a spokesperson for Trump Jr , accused CBS News of "a pathetic and transparent attempt to smear by association the President's eldest son."

Just to remind everyone that earlier this year 175,000 Democrats in Iowa went to the caucus, and after months of getting to know both of them, only about 13% thought it was a good idea if either Joe Biden or Kamala Harris was President.

Forget Obama's groundbreaking willingness to tear into his successor publicly at a political convention. The gall of a president who routinely disdained the Constitution and the founding values embedded in it now wrapping himself in the document is absolutely incredible.

Biden's four decades in Washington are a rap sheet full of attempts to block marriage equality & punish gays with punitive legislation.

Simply put: Joe turned his back on gay Americans when it mattered.

Biden chose to "support" gay marriage when it was beneficial to his career.

Perhaps she believes she is helping him do one more big thing before he is irretrievably lost. Not saying it's right, but he may have asked her to help him. Seems the only plausible explanation

Embarrassing Michigan!

@SenGaryPeters shows he has been believing fake sources telling him fake stories about the Post Office.

He keeps saying "I was told", "I've heard". And it's all rumors.

Senator Peters just imploded on National TV.

FAKE NEWS: Trump's SCOTUS appointee, Neil Gorsuch, wrote the majority opinion ruling that employers can NOT discriminate based on sexual orientation or gender identity. The case before the court came because the DOJ didn't know how to interpret Title IX 1/2

His administration literally argued in front of the Supreme Court that employers should be allowed to fire LGBTQ employees for no reason. Have a nice evening.

As a legal scholar, I'm sure you're aware the DOJ is part of the Executive Branch (law enforcement) and SCOTUS is the Judicial Branch (Interpretation). The DOJ was doing its job. The law didn't explicitly mention sexual orientation. SCOTUS (Trump's appointee) decided it did. Easy

Biden wants a 2nd shutdown 5 months from now.

He would destroy small businesses, kill jobs & ruin the lives of millions of families.

A 2nd shutdown in Jan would crush the middle-class & allow leftwing corps like Amazon to consolidate even more power. That's what this is about.

Muir doesn't follow-up his Qs by asking about Biden's record. Biden said he won't raise taxes on those making less than \$400k. Why didn't Muir ask how to square that with Biden's promise to reinstate the Obamacare mandate, which is a tax on everyone? What a softball interview.

It seems that the strategy of treating every video-taped police incident, without waiting for evidence, as brutality and racism -- and forcing the removal of police from the streets -- ruins cities. Who could have foreseen this, except anyone with a prefrontal cortex?

Kosovo and Serbia negotiations are at the White House next week.

Your team ignored the people of Serbia and Kosovo for 8 years. And never made decrim a priority.

Your current candidate @JoeBiden called gays a security risk!

Ned Price @nedprice

@RichardGrenell consistently touted two marquee initiatives during his time in the administration: diplomacy between Kosovo and Serbia and global LGBTQ decriminalization. The first failed spectacularly, and the second is something his party won't allow him to discuss. [twitter.com/chrisjohnson82...](https://twitter.com/chrisjohnson82)

The Republican Party is now the party of the working man, free speech, law & order and no more endless wars.

Democrats are the party of Wall St., open borders, anarchy & cancel culture.

The media should pay more attention to the ideas leading to a wholesale party realignment.

It's the same issue for the Canadian couple.

But these people are trying to demand citizenship automatically through surrogacy.

And the law doesn't allow it.

These cases are for show. There is a different path for citizenship.

People need to follow the law.

This Ted Wheeler?

Office of Mayor Ted Wheeler
City of Portland

August 28, 2020

Dear President Trump

Yet again, you said you offered to send federal law enforcement to our city.

On behalf of the City of Portland: No thanks.

We don't need your politics of division and demagoguery. Portlanders are onto you. We have already seen your reckless disregard for human life in your bungling response to the COVID pandemic. And we know you've reached the conclusion that images of violence or vandalism are your only ticket to re-election.

There is no place for looting, arson, or vandalism in our city. There is no room here for racist violence or those who wish to bring their ideology of hate into our community. Those who commit criminal acts will be apprehended and prosecuted under the law.

Tens of thousands of Portlanders have peacefully protested and marched for the noble cause of fixing our broken criminal justice system. They are part of the proud progressive tradition of Portlanders fighting for justice from racial justice to economic justice to environmental justice.

When you sent the feds to Portland last month, you made the situation far worse. Your offer to repeat that disaster is a cynical attempt to stoke fear and distract us from the real work of our city.

In Portland, we are focused on coming together as a community to solve the serious challenges we face due to systemic racism, a global pandemic and an economic recession.

Stay away, please.

Respectfully,

Ted Wheeler

Pelosi is asking the salon to apologize for not keeping her secret.

She thinks she's in DC - where secrets are always kept from the public.

Tal Kopan ✓ @TalKopan

Pelosi addresses Monday's salon incident:

"I take responsibility for trusting the word of the neighborhood salon that I've been to...many times...It was a set up, and I take responsibility for falling for a setup".

The people of Kosovo and Serbia deserve economic normalization and the chance to create a vibrant economy. Today I am focused on the young people who want a career, a good job and a connection to the West.

I've heard you. And I will push hard for you. Let's put politics aside!
